

4 BURNER GAS GRILL IR-525

FEATURES

- ★ Patented TRU-infra-red technology eliminates hot and cold spots to cook food evenly - promising juicier food and fewer flare-ups
- ★ Double skinned 'cold-rolled' stainless steel roasting hood with pressed steel end caps for maximum heat retention
- ★ Stainless steel fascia and cabinet doors with powder coated cabinet trolley for discreet cylinder and accessory storage
- ★ Durable and efficient top ported stainless steel burners can be easily adjusted to deliver high heat or very low temperatures
- ★ Stainless steel emitters improve heat distribution while reducing flare ups
- ★ Lid-mounted temperature gauge
- ★ Integrated high output side burner with high lid includes a removable satin enamel cast iron hot plate for greater cooking versatility (ideal for eggs, vegetables and pancakes)
- ★ Rust-resistant, easy-to-clean satin enamel cast iron grills and vitreous enamel warming rack
- ★ Surefire® electronic ignition for quick successful lighting every time
- ★ 4 castors for easy transport (2 lock for safety while standing)
- ★ Operates on LPG
- ★ Approved to NZ Standards

Warranty

- ★ 10 years - Stainless steel burners
- ★ 3 years - Firebox, lid, grills & emitters
- ★ 1 year - Other parts

RRP \$1,599
